// EXPERIENCE

HCLSoftware | Senior Software Engineer III

April 2026 -- Present

Bengaluru, India

- > Spearheading scalable platform components, core API development, and enterprise integrations with HCL Commerce+ and Hive Router.
- > Profiling, debugging, and tuning distributed services to ensure optimal latency and high availability.

PwC Acceleration Centers | Senior Associate III / Associate Developer

August 2021 -- April 2026

Kolkata, India

- > Led a team of 4+ engineers; championed microservice best practices, automated CI/CD deployment pipelines via GitHub Actions, and reduced deployment cycle times by 50%.
- > Architected an enterprise API Gateway integrated with Microsoft Entra ID (Azure AD) for secure, multi-tenant B2B integrations.
- > Designed and deployed an event-driven notification microservice leveraging GCP Pub/Sub and BullMQ, handling over 1M monthly messages and cutting processing latency by 40%.
- > Implemented advanced multi-layer Redis caching strategies and optimized database schema queries for high-volume transactions.

CodeClouds | Senior Software Developer & Software Developer

March 2019 -- August 2021

Kolkata, India

- > Built mission-critical analytics dashboards with React.js and Node.js APIs serving a 50K+ business user base.
- > Orchestrated legacy monolithic system migrations to modular microservices, enhancing platform maintainability.
- > Developed reusable Vue.js modules and robust Laravel backends; integrated direct third-party CRM APIs (Sticky.IO, Konnektive).

- > Developed high-performance REST APIs and Angular UI components for a digital parenting consumer platform.
- > Diagnosed critical performance bottlenecks and participated in Agile sprint delivery.

Sterling AG | Full Stack Developer & Front End Developer
Kolkata, India

March 2016 -- October 2017

- > Spearheaded early-stage web applications from MVP to production, cutting client time-to-market by 30%.
- > Managed AWS-based cloud deployments, relational database schemas, and responsive UI components.

// NOTABLE PROJECTS

- > **Distributed Enterprise Notification Platform (PwC):** Scaled a distributed message processing engine using GCP Pub/Sub and BullMQ processing 1M+ messages/month.
- > **Enterprise API Security Gateway:** Engineered secure API gateway with Microsoft Entra ID and OAuth, enforcing strict role-based access control (RBAC).
- > **High-Throughput Analytics Dashboards:** Architected low-latency monitoring and data visualization interfaces serving 50,000+ active users.

// HONORS AND AWARDS

Honors & Awards:

- > Knowledge Accelerator Award – PwC AC (2024)
- > Territory Spot Award – PwC AC (2023)
- > Bright Beginner - LoS Award – PwC AC (2022)
- > 2nd Place – Hackathon @ B.P. Poddar Institute (2016)
- > 3rd Place – 404: Page Not Found @ Techno India (2014)

Certifications:

- > Vue — The Complete Guide (incl. Router & Composition API)
- > The Complete Developers Guide to MongoDB
- > The Complete Python Bootcamp: From Zero to Hero in Python
- > PHP with Laravel for Beginners — Master in Laravel
